Approved with the following amendments: Abbey was present at the April meeting; Senator Rohrer offered the correct pronunciation of his last name. Senator Strain clarified that she was absent, not present at the April meeting.

Having a motion and a second, the minutes were approved.
V. Special Presentations  

A. Dr. Charlie Bicak – Senior Vice Chancellor for Academic and Students Affairs  

Dr. Bicak began his presentation by thanking FS for the opportunity to be at the meeting and speak to the group. He thanked senators for their engagement on Faculty Senate on behalf of the administration.  

Dr. Bicak continued his talk on key points related to changes that will forward academic advances in ways genuinely transformational. The UNK strategic plan emphasizes four goal areas, with Academic Quality being the first and the focus of the presentation.  

Dr. Bicak discussed the three significant and closely connected academic themes that will unfold over the course of the year; the integration of FAH and NSS to form the College of Arts & Sciences, the evaluation of the General Studies Program and the establishment of Experiential Learning as our Quality Initiative as an institution accredited by the HLC.  

He clarified that while he could answer some questions, many fit within the purview of the faculty; i.e. determination of promotion and tenure guidelines as they mesh across FAH and NSS, curricular decision making regarding GS and the nature of the EL in relation to expectations across campus. He expects to solidify the planning process for the FAH/NSS integration soon.  

He emphasized the importance of recognizing differences and similarities across disciplines. He mentioned the merging process will be inclusive utilizing as many voices as possible through committee work and consultation.  

The timeline includes the formation of a transition team, committee structures such as a committee to look at bylaws and constitution; another committee might be retention and promotion/tenure. Another possible committee might be a curriculum committee to identify differences and similarities and ways to make this process work.  

By January the hope is to have potential candidates for the new position.  

Jeremy inquired about how can experiential learning that are not necessarily undergraduate research get recognition as alternative ways to demonstrate meaningful learning. Dr. Bicak suggested there are similar cases across campus and more conversation needs to happen to determine what experiential learning tiers should look like.  

Senator May asked about reaffirmation of the liberal arts core and how consolidation will assist in that regard. Dr. Bicak suggested that in general terms, an example would be more communication between departments and programs.  

Other faculty questions included whether there were templates or models of successful merges that could be used to assist in the process. The merger of UNL college of education was cited as a successful example or model.  

Senator White asked about what the administrative hierarchy or structure for the new college will look like. Dr. Bicak didn’t have a definite answer at this point.  

Dr. Bicak concluded his presentation by stating that he would be pleased to return to a Faculty Senate meeting, attend a committee meeting or be available in an ad hoc capacity to assist with the ongoing planning with the three initiatives. He expects these initiatives to be topic of discussion at the ongoing standing Faculty Senate Exec meetings.
B. Mary Chinnock Petroski - Chief Compliance Officer

Mary’s presentation was moved to the next Faculty Senate meeting in October.

C. Lee McQueen – Director of Facilities

Lee McQuen began his presentation by thanking for the opportunity to talk about the ongoing projects around campus such as University Village, Village Flats, and the STEM building. Other developments included renovations in the Student Union which will add Chicken File and a Starbucks. These are expected to be open as soon as possible.

University village will include Village Flats and the new child development center. Village Flats will offer alternative housing to students. Village flats is expected to be completed in the fall of 2018. The intention of the Village Flats was to update housing opportunities.

The new replacement for Otto Olsen is expected to complete by October of 2019. The STEM building is a very complex project due to programs that will be housed in the building.

Another project underway is the improvement of the southeast corner of the campus to try to make it safer. At one point in time UNK and the City of Kearney proposed a roundabout but it was declined. Instead they are going to rework the curbs and change access in that area.

Lee shared many pictures and concepts of these developments on the UNK campus and answered many questions faculty had.

      committees and encouraged senators to review the committees and submit names to be voted on at
      the October meeting.

X. Unfinished Business

XI. General Faculty Comments

   Speakers are asked to limit their remarks to five minutes or less. Senate meetings are open to all
   members of the academic community. All faculty members are specifically invited to attend
   Faculty Senate meetings.

Several senators expressed concerns about mixed messages regarding faculty involvement in
recruitment efforts. There seems to be confusion as far as who can and cannot recruit and why.
President Bounds seems to be OK with faculty recruiting. In fact, he encouraged faculty to do so.

Faculty also seemed concerned about circumstantial evidence that the other campuses are taking our
potential students since the University began using the new student application system. Are our
potential students being taken by UNL and UNO?

Committee Minutes from Meeting  
Thursday, September 21, 2017 
FNDH 2147

Present: Cami West (COE), Kurt Siedschlaw (CNSS), Kay Hodge (CBT), Debbie Bridges (CBT), Ralph Hanson (CFAH), Daniel May (Faculty Senate), Rochelle Krueger (Library), Joel Cardenas (Academic Publications), Kim Schipporeit (Registrar), Kenya Taylor (Admin.)

Guests: Scott Darveau (CNSS), Tim Obermier (CBT)

Chair Bridges called the meeting to order (almost on time) at 3:34.

Dan May moved to approve the agenda. Seconded by Rochelle Krueger. Motion carried. And into the fray we go!

Chair Bridges elected to have the guests speak in order of the agenda.

Dr. Tim Obermeir spoke to item #1 (Create, Department, Cyber Systems, CBT):

Dr. Obermier related to the Committee that this relates to creating a new department by bringing several departments in the College of Business and Technology together. This is an efficient move and reduces confusion for students. This is part of the reorganization that is taking place in the College.

Dr. Scott Darveau spoke to items #2 (Alter, Course, Prerequisites, CHEM 480, Physical Chemistry) and #3 (Create, Course, CHEM 482, Physical Chemistry for the Life Sciences): 

Dr. Darveau pointed out that the changes to CHEM 480 are due to changes being made to the existing Chemistry Major programs. CHEM 480 will be offered in the fall of odd years only. CHEM 480 and CHEM 481 offer an in-depth study. CHEM 482 is being created to better serve the students in the Health Sciences programs and those students interested in getting a broad survey of Physical Chemistry.

Ralph Hanson moved approval of #1-#4 and Daniel May seconded the motion. Motion carried.

Cami West/Rochelle Krueger moved adjournment at 3:46; and thus ended our extraordinarily long agenda.

Respectfully submitted Kay

Hodge,

Approved via email (September 26, 2017)

Not all programs with CHEM480 require PHYS 275, so option of PHYS 205 as pre-req needed added. In addition, the offering schedule will be fall odd years only; Old Value: MATH 115 and PHYS 275 and PHYS 275L and grade of C or above in CHEM 301 and CHEM 301L; New Value: PHYS 275 OR PHYS 205 and a minimum grade of C in CHEM 301 and in MATH 115.

#3, Create, Course, CHEM 482, Physical Chemistry for the Life Sciences, CHEM, CNSS,
This course is being created to better serve students in the Health Sciences and those interested in getting a broad survey of Physical Chemistry from the Biochemical/Life Science Perspective.

#4, Alter, Course, Prerequisites, MATH 430, Middle School Mathematics, MATH, CNSS, Change the course prerequisite for MATH 430 from MATH 230 or permission to "Either MATH 230, MATH 115, MATH 202, or MATH 260." This will allow our 6-12 math endorsement students to take MATH 430 without being permitted into the class. Effectively, the course prerequisite is to have completed the general studies mathematics requirement. Nothing else about this course is changing; Old Value: MATH 230 or permission of instructor; New Value: Either MATH 230, MATH 115, MATH 202, or MATH 260.

D. Subcommittee for Advisory Board – Governance Document Revisions for WGE: no report (subcommittee consists of Van Ingen, Tillman, Loughrin, Louishomme). Goal is to amend the Governance Document so that it reflects the merger of WGS and Ethnic Studies.

E. Budget: Van Ingen reported that there will be carry-over money from this year’s budget. Suggestions were 1) to allocate some of this money to adjunct pay for 2017-2018; 2) to purchase marketing materials for Blue & Gold Day, Summer Academic Advising, other outlets for publicity. Marketing ideas include new brochures (after the new major is approved), pepper spray, iPhone popups, etc.

F. Curricular: Updates

1. New Major: Van Ingen reported that CNSS Ed Policy Committee approved the new major in March and forwarded it on to Academic Affairs Committee, where it is on the Agenda for April 20, 2017.
2. Classes:

a) WSTD 220:
Summer 2017: Van Ingen will teach a new on-line version of this class in the Summer 2017 (on CANVAS; with eCampus support including instructor pay and new class and GS stipend). With this required class now offered online, Van Ingen will look into officially adding the WGS minor to eCampus list of minor degrees.
Fall 2017: Tiffani Luethke will teach the Wednesday night class (6:30p9:20pm). Lewis is on maternity leave.

Spring 2018: Two sections of WSTD 220 will be scheduled for spring, taught by Luethke (T-Th mornings) and Lewis (Monday nights).

b) ETHS 101: Van Ingen is scheduled to teach this class in fall 2017 Tuesday nights). The goal is to offer it every semester to help build enrollment in the program. The spring 2017 class had 17 students enrolled. Van Ingen is seeking applicants for a GA position to help with the class, with the goal of eventually teaching the class as an adjunct.

c) Course Schedules for summer and fall are posted on WGS webpage.

d) New Elective Course: PSCI 377: Queer Politics (special topics) for fall 2017 (Bracewell). Members reviewed the course description and approved the course as an elective (Lewis/Strain).

e) Enrollment: Van Ingen reported that the number of WGS minors is strong (about 25) but the number of ETHS minors is low (about 2). Members discussed ways to recruit and retain students, including participation at Blue & Gold Day, an “Appreciation Day” for WGE students, sending a card/welcome letter to new WGE students.

3. Library: Weisse reported that the Library has purchased a new online collection of primary sources, “Immigration/Migration/Refugees, 1941-1996.” It includes recently declassified documents. She also requested that faculty send her syllabi/book lists for Library book purchases (either e-books or paper).

Women’s, Gender and Ethnic Studies Advisory Council (WGE)

MINUTES
Sept 20, 2017
History Conference Room

Absent: Louishomme (ex-officio), Lewis (maternity leave).

A. Introductions & Tech Tip: Members introduced themselves and shared some good tech advice, especially regarding CANVAS.

B. WGSAC Minutes: Members approved the minutes from April 19, 2017 (Tillman/Hof).

C. Curricular Updates:
1. New Major – Van Ingen reported that the SVCASA Bicak signed off on the BA/BS proposals. A completed budget form and letters of support are now needed from the program director and the CNSS dean before the proposal package can be forwarded to Lincoln.

2. New classes for review – for WGS: Members tabled a course proposal pending more information. WGS requires that 50% course content be related to women and/or gender. Also, a statement of criteria needs to be clarified for ETHS electives.

3. COURSE LEAF system – Van Ingen noted that the new system replacing CAP for the Ed Policy/AA course/catalog approval process seems to be more efficient and expeditious than the old system, a plus for WGE/ETHS curriculum development.

4. Advising – Van Ingen promises to have the WGS & ETHS spring course lists ready by Oct 18 for spring advising.

5. Fall enrollments – remain strong for WGE; need to grow for ETHS: 23 WG minors; 3 ETHS minors; WSTD220 – 22 enrolled; ETHS 101 – 11 enrolled.

6. Scholarship committee – will meet to decide on a spring 2018 semester award (Van Ingen; Lewis; Strain)
7. **ETHS minor degree change**: Members agreed to change the Ethnic Studies minor requirements for electives from “select 15 credit hours from at least two of the three academic groups” which are “Arts & Humanities,” “Natural and Social Sciences,” and “Applied and Professional Studies,” to “Select 15 credit hours from at least two different departments.” Justifications for this change include the pending merger between CNSS and FAH, only two classes listed in the “applied and professional studies” category, and a need to make elective requirements consistent with the WGS minor, which uses the new language. (Warren/Campbell).

**D. Sub-committee for Governance Document revision (postponed)**

**E. Assessment** – no reports this year for either WGS or ETHS due to the lack of a senior seminar/capstone research project for minors which was the instrument measured for assessment. The pending new major will require a research component, which will be the instrument for assessing the combined WGS and ETHS programs.

**F. Budget**: Van Ingen noted that the usual amounts for operating expenses have been allocated for the new fiscal year, but that the remaining balance from last year for both WGS and ETHS did not roll over as anticipated due to budget issues not in the director's control.

**G. Library**: Weisse reported that the Library is in a trial period of usage with APA Style Central which includes tutorial videos, quizzes, and other enhancements for students and faculty who use APA. The Library also has purchased the Chicago Manual of Style on line, and has three new online archival collections: 1) Immigration and Migration 1945-1995; 2) American Race Relations (including global perspectives); 3) Cold War primary sources (global).

**H. Co-curricular:**

**No Limits 2018 at UNO in Omaha** on March 9, 2018 (Friday). CFP is not out yet; WGE will provide van/lodging.

1. **ETHS Film night** – Aguirre organized the ETHS film night on Sept 19. The film, “La Jaula de Oro (The Golden Dream)” was by co-sponsored by the Hispanic Student Association, History Phi Alpha Theta, International Studies, Locke & Key, Modern Languages, Sociology Club, WGE, and Triota. The event in Cope 140 was successful with a great turnout filling the room to capacity. Locke & Key student leadership presented information on the status of DACA (Deferred Action for Childhood Arrivals), and postcards and a poster were available for signatures of support, to be delivered to Congress as they deliberate the issue. Dr. Aviles and Dr. Van Ingen were on hand following the film to answer questions and lead discussion. The next ETHS sponsored film night is on October 31 with the film “Get Out.”

2. **UNK at the World** – Warren is organizing a spring film series relating to “gender fluidity” at the World Theater, sponsored by Modern Languages with support of a Nebraska Humanities Grant. She asked for film suggestions and support from WGS/ETHS. Members will review options at the next meeting. Films will likely show on Tues nights.

3. **Women’s Center**: Hof reported that the Sexual Assault Awareness Edutainment program on Aug 30 (magician & hypnosis) was very successful with over 300 students attending. October is Dating Violence Awareness month.

4. **OMA**: Mueller reminded members of the event on Sept 21, “Connecting Langston Hughes’s Poetry to Martin Luther King,” sponsored by the English Dept (Sept 21, NSU Ponderosa 7pm). OMA is also organizing the following events: Slam Poet Elizabeth Acevedo for Hispanic Heritage Month (Oct 4, NSU Ponderosa, 6-8pm); Pink Volleyball for Breast Cancer Awareness (Oct 19); Pronouns & Gender Identity (Oct 24).
5. **QSA:** Weekley announced the Amateur Drag Show is on Oct 26 (NSU Ponderosa). Free admission; canned food donations will be given to the UNK Big Blue Cupboard food pantry.

6. **Triota:** Weekley, Loughrin, and Van Ingen are exploring new directions for Triota. One option is organizing a series of leadership workshops for student (and faculty). Also, Planned Parenthood is networking with student and community organizations with their GenAction program which organizes around public health issues including the ACA, Title IX, and Nebraska’s Title X.

7. **Locke & Key:** Bracewell announced the upcoming salon event, “Alt-Wha?!?” which is an open discussion about the resurgence of white nationalism and the expanding political spectrum. (Oct 5, NSU Fireside Lounge, 6:30-8:30pm).

(details of all events are listed online at University Calendar [https://www.unk.edu/calendar/index.php](https://www.unk.edu/calendar/index.php)

The meeting adjourned at 5pm (Mueller/Warren).

There will also be forums, coordinated by the GSC, scheduled at the appropriate time in the spring 2018 to ensure widespread understanding of the intent, goals and progress in the process. UNK Faculty Senate
September 7, 2017

Special Rules of Order Motion:

Faculty Senate Constitution:
Article IX.A. Special Rules of Order:
The Senate may adopt special rules of order governing the conduct of the Senate Meetings as the first item of business at the first meeting of the Fall Semester. Special Rules of Order may be adopted or amended with a two-thirds vote of those present or a majority vote of all members. Temporary suspension of the Special Rules of Order will require a two-thirds vote of those present.

As the Faculty Senate Constitution requires special rules of order to be the first item of business at the first meeting of the Fall Semester, the FS Executive Committee proposes the following as a special rule of order for the 2017-2018 academic year:

That any resolution, report, document, or other form of request, outside of committee minutes, that is seeking the formal approval of the Faculty Senate by vote, must be submitted in writing at one Senate meeting and will not be voted upon until the next Senate meeting. The purpose of this rule is to provide Senators with ample time to read and review the request, find information about the nature and substance of the request, and have time to consult with their constituents about the upcoming vote.

It is also noted, that Article IX. A. does allow for the temporary suspension of this rule with a two-thirds vote of those present at any Senate meeting if the body concludes that the request, report, document, or other form of request requires immediate attention.
