DISTRICT # 14-MORSE BLUFF

Morse Bluff, District No. 14 was formed in 1869. The first school building was located south of the present building and accommodated students through the 8th grade.

Another frame building was constructed just west of the present building in 1896. In 1900 the curriculum included classes for 9th and 10th grade students.

Walter Fleming, a resident still living in the district, was the only member of the 2nd graduating class in 1903. He received all of his schooling in this district. Mr. Fleming's wife, the former Louise Seligmann, was the only member of the 3rd graduation class. His father, Walter G. Fleming was the first county superintendent elected in Saunders County in 1871.

The present brick building was completed in September, 1923. Grades 9 and 10 were discontinued after the 1951-52 school term.

Some districts adjoining Morse Bluff consolidated with it. They are District #15 in 1960; District #79 in 1963; and Districts #77, #78 and #86 in 1970:

In 1968 an election was held to determine whether District #14 would join other districts in forming a Class 6 district in North Bend. This proposal was passed by all districts involved and District #95, North Bend Central Junior-Senior High School became one of the first Class 6 districts in the state.

With the building of a new Junior-Senior High School in 1969, further changes occurred. Since the 1968-69 school term, students in grades 7 and 8 receive junior high education in North Bend. Many of the Junior High and Senior High students are transported to North Bend by bus.

Section 20, Township 7, Range 6
